PROFESSIONAL SUMMARY

AI Engineer and Tech Sales Consultant experienced in building AI-systems and automation platforms while translating technical solutions into clear customer value. Experienced in helping clients understand and adopt technology for business impact and growth.

EXPERIENCE

Tech Sales Consultancy | LinkedIn

Remote

Consultant

Sep 2024 – Present

- Built and executed LinkedIn-led **outbound and inbound** sales systems for **4 international clients including US & Pakistan**, driving qualified lead flow.
- Crafted outreach campaigns **DMs, connection funnels, follow-ups** alongside content strategies to engage and convert high-intent prospects.
- Positioned AI and cybersecurity founders for sales by **optimizing profiles, messaging, and content** to attract high-intent prospects.
- Currently driving **LinkedIn-led sales and marketing** for a client's e-commerce **AI agent SaaS**, accelerating pipeline growth and contributing to **user acquisition** in the US market.

InventTomorrow

Remote

Co-Founder

Aug 2025 – Dec 2025

- Built **Cleverseo.ai**, a multi-agent **SEO content** platform using Next.js and Supabase that generates **high-ranking AI blogs**, enabling automated content production for users.
- Developed an **AI automation workflow** demo (video → transcription → live spreadsheet sync) using n8n and YOLOv8, that can save the client up to **1 hour per day** in manual processing.
- Designed a complete **system architecture for 20+ AI agents**, unifying lead generation, 24/7 customer support, and database reactivation into **one scalable** workflow.
- Led **sales and marketing** department by creating targeted LinkedIn content, increasing brand visibility and contributing to consistent engagement and lead generation for the company.

AIESEC

Islamabad, Pakistan | Onsite

Regional Head Incoming sales

Dec 2023 – Jan 2025

- Led a **22-member** team to execute large-scale **B2B outreach via LinkedIn, cold email, and warm networks, engaging 200+ companies and organizations**.
- **Closed 7 BD partnerships** with Savvital, Ikonic, Maida Technologies, HA Technologies, Muslim Hands, Foster International and University of Bolton, directly contributing to program revenue and expansion.
- Built **23 international partnerships across 13 countries**, enabling structured cross-border programs and delivered international talent placements by bringing candidates from **Belgium, China, Egypt, Jordan, and Vietnam to Pakistan**.
- Delivered a **record-breaking year** in partnerships and sales for AIESEC in Islamabad, **earning 2 National Excellence Awards** for leadership and performance.

NLPD | Project: Speech Recognition App

Islamabad, Pakistan | Onsite

Member Programming

Sep 2023 – June 2024

- Fine-tuned a **transformer (Wave2Tech)** speech model using 300k+ audio-text pairs (UDB, Common Voice, custom data), achieving **90% accuracy** with strong Urdu vocabulary coverage.
- Developed NLP systems for **Text-to-Speech** and **English to Urdu translation**, improving model efficiency and real-world performance for official government use cases.
- Created clear, extensive **technical documentation** to support model training, deployment, and cross-team collaboration.

Adwiser Advertiser

Islamabad, Pakistan | Onsite

Sales and Marketing Associate

July 2022 – Mar 2023

- Supported client acquisition and campaign sales, contributing to **PKR 15M+** in revenue across local and international brands.
- Attended **50+ client meetings** across real estate and product/service sectors, helping move deals forward.
- Managed **post-sale accounts** and campaign execution (signboards/hoardings), ensuring timely delivery and client coordination.
